Have you been reviewing the training provided on the Plum.Systems LMS?
  Yes, I check weekly for new lessons

Have you kept up to date with all the lessons?
  Yes

Have you found these lessons to be helpful?
  Yes

Please elaborate why you did not find these lessons helpful?So that we can improve them

What training would you really like to have on the Plum.System LMS?

Would you like a permanent job with Plum Systems?
  I am not sure

Please justify why we should give you a permanent job with Plum Systems

Why are you not sure? Please explain

The reason for being not sure is becaus I don't think I have been exposed well enough to the company work as there are many of us as intern as for our team lead find it challenging sometimes to accommodate us with issues which leaves a lot of room of doing little work. However with some adjustments made my answer would've probably been more assuring and spot on. Honestly, I came with the expectations of being challenged and yet given the opportunity to grow with more exposure and hands on work however I feel like those expectations I haven't met them yet which leaves a room of being not sure with my capabilities and things that I have learnt so far.

Are you prepared to commit to working for Plum for at least three years if given a permanent job?

Yes

Why not? Please justify your reason
